

CONCORDANT

Harmonized Government Solutions

Concordant, LLC provides Acquisition, Information Technology, and Program Management Organization services to the federal government and commercial customers. Concordant's offerings range from Acquisition Architecture to design and implementation of Cloud integrated big data analytics and visualization. Concordant delivers solutions tailored for our clients' most difficult problems... harmonized for our customers' specific needs.

CORE COMPETENCIES

ACQUISITION MANAGEMENT

Concordant supports the full range of acquisition and procurement services including requirements development, market research, source selection, cost/price analysis and contract administration. Our proprietary Acquisition Risk Management methodology enables our customers to reduce procurement risk and better manage vendor performance.

PROGRAM MANAGEMENT

Concordant organizes Program Management Office (PMO) process controls to improve management effectiveness on large complex programs. We develop management strategies enabling performance management, continuous operational improvement and accurate reporting.

BUSINESS PROCESS AUTOMATION

Concordant develops outcome-based automation solutions designed to improve performance at the operational level of the organization. We specialize in web-based solutions including SharePoint, Java, J2EE, and Perl development.

DATA VISUALIZATION/BUSINESS INTELLIGENCE

Concordant has experience with enterprise scale data wrangling and blending using scalable tools (Alteryx, Informatica, etc.) in conjunction with Python and R. We use advanced metadata management and predictive analytics with visualization tools such as Tableau, Qlik and PowerBI.
